VOL. IX. RENO, WASHOE COUNTY, NEVADA, THURSDAY, APRIL 8, 1880. NO. 7.

Bad Reports From Bodie.

"Phil. Scadden, an old-time Comstocker who left Virginia several months ago to take charge of the Real del Monte mine in Aurora, has returned to the Comstock. He tells the *Chronicle* that the climate out there is too uncomfortable for a civilized man. There are three times as many idle men in Bodie as in Virginia, and times are exceedingly hard with all classes. Mr. Schadden thinks there is nothing to keep the bottom from falling out of the Bodie camp, and that it will not amount to much of anything by this time next year."

The above is taken from a Reno paper. Phil. Scadden is either a knave or fool. If the statement that there is nothing to keep the bottom from falling out of Bodie, is his honest opinion, his knowledge of mining is as limited as a Vermont farmer's. It is wonderful with what promptness a man who has no truthful and practical information to impart, rushes to a newspaper office on every possible occasion, and gives his opinion for publication. The developments recently made in some of the Bodie properties are of such a substantial character, that no man in the district can deny that the outlook for permanences was never so bright as at present. There are more stamps at work now than at any previous time, and another year will add still more. One year ago nothing was in sight on Silver Hill, to-day there are deposits of ore uncovered that would keep two mills in constant operation five years. Every month's work demonstrates the fact that the mineral deposits extend down, and as depth is attained the encouraging indications increase.—*Bodie Free Press.*

An Interesting Incident at a Dublin Ball.

Young ladies who promise one and the same dance to two or more gentlemen have sometimes a good deal to answer for. The other day at a certain ball in Dublin an incident of the kind occurred. Two gentlemen claimed a young lady for a dance promised to each of them, as their programmes proved. Neither would resign his claim, and the lady making her selection, the rejected candidate called his successful rival a cad. The epithet provoked a blow, which the lady, acting as peacemaker, received on her eye and nose, causing the latter to bleed profusely.

A Girl That Loses no Chances.

"You don't want a 140-pound stocking-darner to run your ranch do you?" said a Lassen girl to her bashful beau, the other day. He said he "kinder thought he did." "Then put up your entrance money and trot out your parson," said the ever-sweet maiden, and there was a "happy couple" before sundown. That girl proposed to make the best of her leap-year chances.—*Chico Record.*

The Reply of a Wretch.

"Zephaniah," said his wife, with a chilling severity, "I saw you coming out of a saloon this afternoon." "Well, my darling," replied the heartless man, "you wouldn't have your husband staying in a saloon all day, would you?"

Vick's Seeds.

Pinniger & Queen have received a large lot of Vick's flower and vegetable seeds, floral sets, alfalfa, timothy, lawn grass, blue grass, white and red clover, onion sets, etc., all of which will be sold at lowest market rates. All who wish fresh and reliable seeds are invited to call and examine. feb16

Retiring From Business.

A. Strassburger & Co. will sell their mammoth stock of dry goods, fancy goods, carpets, etc. regardless of cost within the next sixty days. They have decided to retire from business, and will not refuse any reasonable offers for their goods. Now is the time to secure bargains, and the public should take advantage of it to save over 50 per cent. by buying of A. Strassburger & Co.

WAS IT A THUNDERBOLT?

The family of Mr. Rogers of Elko were entertaining some company in their parlor last Friday, when an unbidden guest entered the room without ceremony. It came through the wall and went out through the floor under the stove, making holes for itself of several inches in diameter. When the people present had recovered their presence of mind, they realized that the house was on fire. The flames were promptly extinguished. No one was injured. The Rogers family think that their unexpected visitor was a thunderbolt, but a Tuscarora gentlemen who was present thinks it was a meteorite. He did not, however, make any scientific tests at the time, and the object didn't stay long enough in the room to enable him to accurately determine its nature. It would be a good idea for Mr. Rogers to haul off his house and dig underneath it until he finds his meteorite, bolide, thunderbolt or cannon ball, as the case may be.

A FRUITFUL FISH.

Prof. Brooks of Baltimore lectured recently before the Fish Culture Association of New York on "The Oyster," and stated many interesting facts. In speaking of the spawn of the oyster he said: They were so diminutive that 500,000 of them could swim around in the watch crystal. The single oyster yields from 1,000,000 to 50,000,000 oysters, according to size. A fair average is probably about 9,000,000—the professor could not be positive as to a million or so. The oyster sexually matures in one year, when about the size of a silver half dollar. When the shells first formed 125,000,000 would only fill a cubic inch of space.

In answer to a question why oysters were not healthy except in the "r" months, the Professor said they soon fermented when in the milky state, or full of eggs, and were then unwholesome. If eaten when taken fresh from the water they were not unhealthy food.

A SMALL CONUNDRUM.

The GAZETTE has said that it would be a very hard thing for it to support General Grant. The *Journal* has said that under no circumstances would it support Senator Sharon. Now just for instance, suppose that the Republicans at Chicago should nominate Washburne, and the GAZETTE staff vote for him; and the Republican caucus in Carson should nominate Mr. Sharon, and Mr. Powning votes against him, who is the best Republican? This not intended as a criticism on Mr. Powning; on the contrary, we think he does himself the highest honor by speaking out on the senatorial question. It is simply a little conundrum for those who so strongly condemn the GAZETTE for its opposition to their favorites.

EDITORIAL NOTES.

Doc Benton of Carson City, says the *Appeal*, recently caught a trout in Lake Tahoe three feet in length which weighed seventeen pounds. It was a whopper, and we believe the largest ever caught in the lake.

In discussing the brilliant prospects of the "Piute Sugar Company" and the possible results of the cultivation of the aphis, the *Gold Hill News* remarks: "The molasses grasshopper, peculiar to Carson river alone, might also be brought into the combination with effect and profit. The sugar and syrup industries of Nevada are merely in their youth—infancy, we may say."

In the Democratic National Convention at Cincinnati there will be 738 votes. The South will have 276 of these. Under the present rule it requires a two-thirds vote to nominate and the Southern delegates by voting as a unit can defeat any candidate. It is expected that in the coming convention a strong effort will be made to abolish the two-thirds rule and to substitute for it a majority vote. The change would be a great advantage to Tilden, who is weak in the South.

The story comes from West Point that a colored cadet named Whittaker was surprised in his room on Tuesday night by several masked men who beat him and slit his ears, one of the ruffians saying: "Let's mark him the way they do dogs down South." Another account is that the colored cadet feared to stand an approaching examination, cut himself and invented the story about the outrage in order to get into the hospital, and thus escape the examination until next year.

In a letter published in the last number of the *Argonaut* Frank Pixley writes of the present prosperity and favorable prospects of Tombstone, Arizona. It is a singular comment on Pixley's report that a man has just arrived at Bristol, Nevada, having walked all the way from Tombstone in search of work. He says that Tombstone is no place for a poor man. It is best to think twice before going to Arizona.

The *American Journal of Science* has had an expert investigating the Edison electric light and has this to say of it: "Provided the lamps can be made either cheap enough or durable enough, there is no reasonable doubt of the practical success of the light, but this point will evidently require much further experiment bofere the light can be pronounced practicable."

Bismarck has tendered his resignation as Chancellor of the German Empire, but Emperor William has refused to accept it. It is believed in political circles that Bismarck does not mean to retire from public life, but makes a show of resigning in order to bring about some changes that he desires to have made in the Federal Council.

The New York *Sun*, a Democratic paper, and therefore with no favoritism towards any Republican candidate, estimates that "if the Republican opponents of the third term work as vigorously for the next two months as they have since the meeting of the Utica Convention, Grant will be thoroughly beaten at Chicago."

The unpardonable sin in the city of Greenville, Mason Valley, is to call that metropolis "Pizen Switch." Two drunken, and therefore reckless, Comstock miners narrowly escaped hanging by a Greenville mob the other day for uttering that offensive nick-name within the city's limits.

The Pot Luck Club of New York is composed of literary and professional people. The Club gave a dinner the other night and, according to its custom, each member brought some contribution to the feast. Many of the dishes were prepared by the hands of members.

"Mr. T. E. Picotte denies that he is canvassing the State for Sharon's seat in the Senate." This is from the Eureka *Sentinel*. We desire to be observed stretching our head aloft as in frantic tones we shriek "Who in—— Nevada is Mr. T. E. Picotte?"—*Stock Renort*.

The *Stock Report* says in its reckless way: "When a Nevada journalist visits San Francisco he registers at the Palace. Three days after arrival finds him taking his lunch at a 'bun racket.' Sam Davis is registered at the Palace."

Hancock is the favorite Democratic candidate in Texas, with Bayard second choice.

Two Men Attacked by Droves of Rats.

A telegram to the New York *Sun* from Pedee, N. C., March 9th, says: a remarkable and perhaps unprecedented combat took place at Bostick's mill, near this place, this morning. It seems that General Bostick and one of his employes, Anderson Wayles, went into a cornhouse which has been stored with corn for nearly twelve months, and which has been closed for that length of time. After getting in they found that the place was literally alive with rats, which began to attack fiercely the two men, who in vain attempted to beat them off. The rats came upon them in droves, biting them about the hands, face and legs, several actually getting under Wayles's shirt. Both men cried for help, and were rescued from their perilous position. The whole of General Bostick's left ear was eaten off, and his face horribly bitten. Wayles's nose and lips were so badly bitten that his best friends could not recognize him, and his left eye was torn from its socket.

The Salvation Army in Philadelphia.

The Salvation Army have found in Philadelphia a heartier welcome than they received in New York. The ranks there have been recruited to the number of fifty, who are about equally divided as to sex. They wear a uniform, march through the streets with banners flying, and sing:

Satan's mad and I am glad,
A little more faith in Jesus;
He'll miss that soul he thought he had,
A little more faith in Jesus,
It's all I want,
It's all I want,
It's all I want,
A little more faith in Jesus.

Oh, stand back, Satan, let me by,
A little more faith in Jesus;
I shall go by, I will go by,
A little more faith in Jesus,
It's all I want, &c.

There are 300 cases of typhoid fever in a badly drained part of Pittsburg.

PACIFIC COAST NEWS.

In Dakota there are 17½ men to one woman.

Beef retails at Dayton, W. T., at from four to eight cents per pound.

The city prisoners at Astoria are boarded by contract at fourteen cents a meal.

Mrs. Angele Clar died in San Francisco last week from eating poisonous mushrooms.

Bodie Free *Press* personal: "Hattie Randal, a high and rapid stepper, has arrived in town."

Irrigation ditches are being dug in the Yakima region, W. T., to make farming a certainty.

Rufus Morgan of San Diego county was poisoned by eating mushrooms, and died Monday morning.

Talk of a prismoidal or single-track railroad, from Heney's Landing to Springfield, both in Humboldt.

Wagons frequently mire in the mud and dirt in the streets at Bodie so deep that they have to be unloaded to be got out.

A pawnbroker shop at Bodie was recently robbed by thieves. The thieves are said to have hauled out $2,000 worth of property.

The Weymouth improved car-brakes have been tested at Newark, on the Southern Pacific Coast Railroad line, and are said to work well.

A man named Freitez committed suicide at Sierra City last week. Near the same place a man named Malleis was found dead in his cabin.

William Hyeroungmous of Walla Walla stepped on a nail and died a week afterward of lockjaw, leaving a wife and children destitute.

Inquiries are being made from Lewistown, Idaho, about R. E. Miller, who came to Nevada some years ago from Idaho with a band of cattle. His friends fear that he has been killed by Indians.

G. A. Bockhoff, a Sacramento dyer, while drunk, on Tuesday night, went to his house and threw vitrol on his wife, his son, and the son's wife. The first named woman is badly burned, and will probably lose her sight. Bockhoff is under arrest. His wife got a divorce from him a week ago because of cruel treatment.

Somebody tells the Paradise *Reporter* that Cornucopia looks like a deserted cemetery of the first century. To which the *Times-Review* retorts but that in less than two months Cornucopians will have the call in a business boom, over Gouge-Eye, Bung-Eye and all the other towns and camps in the Paradise country.

A Petition 188 Yards Long.

From the N. Y. Sun.

Intemperance by the quart, or keg, or even barrel, is not an unusual thing. But temperance by the yard is. A petition 188 yards long was on Tuesday presented to the House of Representatives by Mr. Brewster of Michigan. It was signed by 34,000 women, who want Congress to prohibit the making and selling of ardent spirits in this country.

Reprehensible Rivalry Between Clergymen.

An Iowa clergyman arranged with the village barber to shave the members of his church first on Sunday morning, so that he'd have a full congregation, and the rival preacher, to head him off, found it necessary to start a dog fight to delay the men until it was too late for church going.

California Lands.

From the S. F. Bulletin.

There are about 100,000,000 acres of land in California. A little less than half of this area is unsurveyed, or about 43,000,000 acres. There is not much exceeding 4,000,000 acres under cultivation, although something more than 6,000,000 acres are enclosed with fences. There are 5,000,000 or 6,000,000 acres of land, which can be bought from $1 25 an acre up to $7.

The First Locusts of the Season.

Myriads of young hoppers are already covering the dry ground about Walla Walla, and there is apprehension as to their effect on the coming crops. Besides the ground is dry and rain does not come as wanted and crop prospects are grave.

The Australian papers report the performance of a remarkable journey across the continent from north to south. Three Europeans started from Burketown, on the Gulf of Carpentaria, with 200 head of cattle, and have succeeded in bringing them to Adelaide in good condition. They traveled in nearly a straight line from point to point, the journey taking six months.

The German *Publishers' Journal* has issued statistics concerning the number of periodical publications published in the world. According to them the total number is about 23,000, of which Germany boasts 3,778; England, 2,500; France, 2,000; Italy, 1,226; Austria, 1,200; Russia, 500; Asia 387; Africa 50; America, 9,129; and Australia, 100.

NEW TO-DAY.

THE NEVADA MONTHLY.

To The Public:

THE UNEXPECTED DEMAND FOR COPIES of the **Nevada Monthly**, the popularity which the book has already obtained, and a desire on the part of the publisher to ADD MANY NEW AND VALUABLE FEATURES TO ITS CONTENTS, has induced him to charge a small price for the magazine. This step has been taken after a thorough canvass of the field and a large subscription list. Many new contributors will be added, and the **Monthly** will be made correspondingly interesting and contain more reading matter. Its mining statistics, stock tables, etc., which will always be found reliable, will alone be, for future reference, worth the price of subscription, while its original sketches from the pens of some of Nevada's and California's brightest writers, its interesting and instructive selections, etc., will make it a welcome visitor to the family circle.

The rates of subscription, commencing with the April number, will be:

By mail (postage paid) one year $2 50
" " six months. - - 1 50
Single copies. - - - - 25

As an advertising medium, the **Nevada Monthly** will have no superior, its columns being eagerly read in every camp and mining town in Nevada and adjoining States and Territories. All advertisers will receive from the time their advertisements are inserted a complimentary copy.

Please send subscriptions by postal money order. Write name and address legibly.

— Sherif Walker went to Carson today with Ah Tung, the convicted house-breaker, whom he will lodge in the state prison.

—J. A. Scott brought in a specimen from the Mansalona mine to-day showing free gold all through it. He says there is a streak of it four feet wide.

— Mr. Spooner, of Lake Tahoe, is in town. He says that three feet of snow fell there during the last storm, and that the season is very backward.

Town Order No. 9.

SECTION 1.—Be it ordained by the County Commissioners of Washoe County, Nevada, that all property owners on the East side of Virginia street, in the town of Reno, from the Truckee River Bridge running northerly to the corner of Second street, be, and are hereby ordered to construct and maintain a sidewalk in the front each of their several premises, and that the same shall be suitably constructed, of an even grade, suitable for the passage of pedestrians; said sidewalk shall be so constructed that the same shall be of the same width as those already constructed on said street.

I hereby certify that the foregoing is a true and correct copy of the Town Order No. 9, passed by the Board of County Commissioners of Washoe County, Nevada, this 6th day of April A. D., 1880.

Witness my hand and the seal of said Board of County Commissioners, this 6th day of April, 1880.

SEAL

MARK PARISH, Clerk,
Board of County Commissioners, Washoe Co., Nev.

Personal.

Miss Crawford of Carson is in town, visiting Mrs. L. L. Crockett.

J. W. Moody, who built C. W. Jones' house that was burned down last winter, is in town again.

J. J. Smith of New York, the proprietor of the Baker heater and the building heaters, is in Reno. He is on his way East.

George M. Pullman, President of the Pullman Car Co., went through in a special car this morning. He remained here over night, in order to cross the mountains by daylight.

J. A. Perry sold "Cunard" yesterday to Wm. Farrington & Bro. of Belmont, for $1,800. He has sold five horses in Reno that have brought him in $20,000. He went east on No. 1 for home.

The Thousand Mile Tree.

A young lady, very innocent and confiding, while making the overland trip to California, had been studying her guide book very attentively, like the majority of tourists, and seeing an illustration of the "Thousand Mile Tree" inquired of a friend in whom she had confidence:

"Is it true, Mr. Smith, that there is a tree on this road a thousand miles high?"

The credulity implied by the inquiry was too much even for a friend, and he replied:

"You do not understand it correctly. The tree is not a thousand miles high, it is a thousand miles around it."

Foster All Right Again.

J. H. Foster, the man who tried to commit suicide by taking laudamum the other night, is perfectly well again. He got work to-day at Sanders & Neale's and is now in good spirits and not likely to repeat his rash act. He is staying at the Coats House, and Mr. Coats has a good opinion of him. Foster is a temperance man and conducts himself well in every respect. He tells Coats that he thinks he must have been a little out of his mind when he made the attempt on his life. He was a great deal worried by the fear of want, and could not bear to beg.

District Court Notes.

Charles Wung, who pleaded guilty to the indictment for house breaking, has been sentenced to one year in the State prison.

Lyman Gutchis and John Kertsline pleaded "Not guilty" to the indictment for burglary. They will be tried April 16.

Ah Tung pleaded not guilty to the charge of assault with intent to kill, and his case is set for trial April 15.

F. Bosch vs. L. Wintermantel et al. Foreclosure of mechanic's lien. Judgment for plaintiff.

A Papoose Train.

A gentleman who recently returned from Battle Mountain heard an Indian in that place speak of a train on the Nevada Central (narrow gauge) in an odd way. The Indians were accustomed to the Central Pacific but had not yet learned the English name of the new road. The Indian referred to was talking to a white man, and wanted to call his attention to a moving train on the Nevada Central. "Look there!" he said. "Papoose train!"

Discoveries at Round Hole.

Lew Harris, ex-assessor of Modoc county, is now keeping Round Hole Station, 12 miles south of Sheep Head. He has lately discovered a promising quartz ledge on the line of the Pyramid vein and with croppings of a similar character. The rock assays well. Mr. Harris has found a valuable salt spring near the station. A gallon of water yields 3 pounds of excellent salt.

The Catholic Fair.

The Catholic Fair opened last evening, with a large attendance. There was abundance of fun, and the management were well pleased with the success of the opening night. Dancing was indulged in for several hours. Good sales were made of fancy goods, tickets, refreshments, etc. The fair will be continued every night this week.

Cattle In Danger.

The Modoc *Independent* of the 3rd, inst. says: We understand that a large number of cattle belonging to Bayley Bros. are in the swamp between here and South Fork, hemmed in by the water in such a manner as to make it impossible for them to get out. In case the water rises much higher, they must inevitably perish.

Large Purchase of Cattle.

The Modoc *Independent* of the 3d inst. says: John Jackson, the Oregon cattle man, yesterday purchased 700 head of cattle from John McGahey. The price paid was $7 50 per head. It is the intention of Mr. Jackson to drive them to his ranch in Goose lake and keep them till they get fat, when a large portion of them will be driven below for beef. In the past ten years Mr. Jackson has paid out over $100,000 for cattle in Modoc county.

Agency for Harvesters.

W. H. McInnis has been appointed agent in western Nevada and eastern California for the D. M. Osborne machinery. He will keep a full stock of everything needed for harvesting at his warehouse, corner Virginia and Fourth streets. Mc is going to canvass the country north this spring and will give all the farmers between here and Oregon a chance to buy. He is a rustler and will bring business to Reno.

AT THE ARCADE.

"Crown not for me the flowing bowl
With ruby wine that stains the soul,
Nor fill the glittering goblet up
With sparkling cham'—the festive cup
Is not for me," the stranger said.
"Nor can I brook the foaming beer
That clouds the brain—all these I fear
And know too well—Let's see! Ah--Hum,
Give me a little rum and gum."

Public Notice.

Notice is hereby given that John Hayes is not in my employ, nor has he been for the last year, nor ever will be again. And what is more, I have no agent taking orders for trees and plants, nor ever will have. So if any orders are taken through the country and filled with trees with dead roots, they will not be represented as filling my orders, for I shall take my orders myself.

To the Public.

The "Public Notice" in the GAZETTE and "Journal," signed Stephen Connor, with regard to my not being in his employ, is a malicious slander. I left Connor's employ a year ago of my own accord and I want nothing more to do with him. JOHN HAYES.

JEWELRY

$75.00 worth for $15.00,

—(AND A)—

Solid Abyssinian Gold Watch FREE! FREE!! FREE!!!

The above offer is genuine, although at first sight you would consider it impossible. We will explain: Since we first established our business here, March 1st, 1878, we have paid particular attention to the buying of Bankrupt and Auction lots of Jewelry and Watches often buying at as low as one-tenth their value, and in no instance have we paid over one-sixth the manufacturers' price. Since starting we have always been able to dispose of these goods in Chicago and through our regular customers throughout the country at nearly regular prices, as fast as we could procure them, but owing to the large number of failures among the heaviest dealers and manufacturers throughout this and other countries during the months of June, July and August (the time when the jewelry business is stagnant), we have now on hand an immense stock of the most desirable goods we have ever handled, and which we have bought at lower prices than ever before. In order to dispose of this entire stock in the most speedy manner possible, and make room for new ones which we shall continue to buy, we have hit upon the following novel plan:

We propose to give you a list of the most desirable of these goods, giving opposite each article its regular retail value, and sell to you at the rate of Five Dollars' worth for $1. For instance, on receipt of 50 cts. we will send you, POSTPAID, any article to the value of $2 50; on receipt of $1, articles to the value of $5, and so on throughout the entire list. Below we give a list of the most valuable of these goods.

Read What the Chicago Press Say of Us, And Send in Your Orders.

The Sentinel, of Chicago, Sept. 9, says: "We call the attention of our readers to the new advertisement of the Inventors' Agency, No. 116 E. Washington street, Chicago. What the Inventors' Agency agrees to do, they will do. The Sentinel has advertised for the concern since its first publication, and we have yet to hear of the first complaint against it."

The Chicago Express, Sept. 8, says: "The attention of readers is called to the advertisement of 'The Inventors' Agency,' office and rooms located at 116 Washington St., Chicago. From personal inquiry and on the recommendation of the city press, we think our friends can do no better when wanting goods in that line. Give them a trial."

The American Stockman, Sept. 11, says: "We believe this institution perfectly sound and reponsible, and consequently persons need have no hesitation about sending for what they desire."

As to our responsibility we also refer you to the following firms: Blomgren Bros., 163 & 165 So. Clark St., Chicago, Ill.; Miller, Wagner & Umbdenstock, 119 So. Clark St. Chicago.

Treat all Chronic and Special Diseases

YOUNG MEN

WHO MAY BE SUFFERING FROM the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the alter of suffering humanity. DR. SPINNEY will guarantee to forfeit $500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty and sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and some small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

Office Hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation Free. Thorough examination and advice $5.

P. S. For private diseases of short standing a full course of medicines sufficient for a cure, with necessary instructions, will be sent to any address on receipt of Ten Dollars.
